

Exploring the possibilities of super-resolution imaging with the Nanoimager

📅 Tue 22/09/2020, 14:30 - 16:00 CET

Hans Blom, PhD
Facility head,
SciLifeLab

Alexander Ahl, PhD
Field Application
Scientist,
ONI

Rebecca Gilson, PhD
Field Application
Scientist,
ONI

Agenda

- Welcome
- General introduction to super-resolution microscopy and single-molecule imaging
- Live demo of the Nanoimager
- Q&A Session

Come join us to discuss the potential of super-resolution microscopy for your research
