

Campus Solna Seminar Series

Information

This is a weekly institute-wide seminar series at SciLifeLab campus Solna held every Thursday at 12-13h to bring together scientists from different floors and different buildings. Two PhD or Postdoc speakers present their ongoing (unpublished) projects. This seminar offers an opportunity to exchange ideas across disciplines and areas of research, and a chance for PhD students and Postdocs to present their work and get feedback.

Syllabus

Intended learning outcomes

On completion of the seminar series, the student should be able to

- demonstrate both broad knowledge in the overall subject area and critically discuss its relevance for the student's own work.
- demonstrate the ability to present, critically examine and discuss their own and others' scientific work.
- demonstrate the ability to give and receive constructive feedback for further development of one's own and others' scientific abilities.

Contents

The latest technologies and scientific results from the research groups at SciLifeLab.

Specific prerequisites

-

Examination comment

- The PhD Student attends 20 lectures or attends 17 lectures + presents 1 seminar in term for 1.5 credits.
- The PhD Student participates in the discussion and asks questions.
- The PhD Student submits 3-5 sentences summary of one presented topic (not own presentation) relevant to their PhD project (send to phd-council@scilifelab.se).

Karolinska Institutet

Submit in Ladok [Form 16](#) + and an attendance form or similar document/certificate which must indicate:

- theme of the seminars
- dates
- seminar length per occasion
- must be verified by the responsible organiser (alternatively the main supervisor)

KTH Royal Institute of Technology

Apply for a transfer of credits, attaching the course description (see above) and a certificate with:

- theme of the seminars
- dates
- seminar length per occasion
- must be verified by the responsible organiser (alternatively the main supervisor).

Stockholm University

Submit [this form](#) to the Head of Research Subject in order for the credits to be registered in Ladok.
