

Molecular function of Arc in brain plasticity: from hub protein to retroviral-like capsid

Speaker: Clive Bramham
University of Bergen, Norway

Deciphering the spatiotemporal and mechanical regulation of adhesive and cytoskeletal structures at the nanoscale

Speaker: Grégory Giannone
CNRS, University of Bordeaux, UMR5297, Interdisciplinary
Institute for Neuroscience, France

December, 15th at 2.00 pm - SciLifeLab Solna, Air&Fire (Gamma 2)
