## SciLifeLab The Svedberg seminar series fall 2025

### Time and venue

These events can also be found via our [Events calendar](#).

### Monday, September 8, at 15:15 in C8:301 BMC,

#### Prof. Catherine Alix-Panabières

University Medical Center of Montpellier, France

*Titel: Liquid Biopsy: From Discovery to Clinical Application*

Host: Masood Kamali-Moghaddam, UU

Read more: <https://www.scilifelab.se/event/the-svedberg-seminar-catherine-alix-panabieres/>

### Wednesday September 24, at 15:15 in BMC

#### PhD Meng Wang

Janelia Research Campus, US

*Titel: Metabolic Regulation of Longevity from Organelle to Organism*

Host: Yunjian Xu, UU

Read more: <https://www.scilifelab.se/event/the-svedberg-seminar-meng-wang/>

### Wednesday October 22, at 15:15 in A1:107a, BMC

#### LENNART PHILIPSON MEMORIAL LECTURE

#### Prof. Yigong Shi

School of Life Sciences, Westlake University, Hangzhou, China

*Titel: Molecular Mechanism of RNA Splicing by the Spliceosome*

Host: Göran Akusjärvi, Aristidis Moustakas, Anders Virtanen, UU

Read more: <https://www.scilifelab.se/event/the-svedberg-seminar-yigong-shi/>

### Monday, November 3, at 15:15 in BMC

#### Prof. Maïke Sander

Charité and Max Delbrück Center, Germany

*Titel: Understanding and treating diabetes with stem cells islets*

Host: Olov Andersson, UU

Read more: <https://www.scilifelab.se/event/the-svedberg-seminar-maïke-sander/>

### Monday November 17, at 15:15 in C8:301 BMC

#### Prof. Gareth Owen

Pontificia Universidad Católica de Chile, Chile

*Titel: Coagulation: Cancer's new best friend*

Host: Masood Kamali-Moghaddam, UU

Read more: <https://www.scilifelab.se/event/the-svedberg-seminar-gareth-owen/>

### **Monday December 1, at 15:15 in C8:301 BMC- Cancelled**

**DDLs Fellow, Assist. Prof. Jennifer James**

Uppsala Universitet, Sweden

*Titel: Genome organisation and patterns of molecular evolution*

Host: Siv Andersson

Read more: <https://www.scilifelab.se/event/the-svedberg-seminar-jennifer-james/>

### **Monday, December 8, at 15:15 in BMC**

**SciLifeLab fellow, Assist. Prof. Gabriela Montejo-Kovacevich**

Uppsala Universitet, Sweden

*Titel: The origins of locally adaptive loci*

Host: Göran Arnqvist, UU

Read more: <https://www.scilifelab.se/event/the-svedberg-seminar-gabriela-montejo-kovacevich/>

### **Monday December 15, at 15:15 in BMC**

**Prof. Mary Dunlop**

Boston University, USA

*Titel: Optogenetic control of gene expression dynamics in single cells*

Host: Daniel Jones, UU

Read more: <https://www.scilifelab.se/event/the-svedberg-seminar-mary-dunlop/>
